

# Timeless Relaxation Rescue Gel

Item #: 403123

**PROBLEM :** Stress is recognized as a major factor in illness and disease, often settling into muscle tissue just below our skin. Sometimes it's hard to "de-stress," and tactics like massage and vacations can be expensive and time-consuming.

**SOLUTION :** Help melt away worries, anxiety and stress quickly and inexpensively with our Timeless Relaxation Rescue Gel. Just roll it across tension points such as temples, neck and shoulders for a soothing, relaxing "getaway" moment that will leave you refreshed and recharged. It's also perfect for any "tired and achy" areas that may need special attention.

## Description:

The unique roller-ball application supplies a synergistic blend of natural and organic botanicals that work together to provide a mind-relaxing formula with a tingling sensation that melts away stress, tension and tightness. The Timeless Relaxation Rescue Gel is formulated with plant-based ingredients cultivated through organic farming. It comes in a convenient, travel-sized package that's easy to use and easy to store in your purse, desk or car.

40 ml / 1.35 fl. oz.

## Key Features:

- 99.78% of the total ingredients are from natural origin.
- Natural botanicals include Chamomile, Menthol, Camphor, Devil's Claw and Arnica Montana extract.
- 95.38% of the vegetal ingredients are from organic farming.
- Organic ingredients like Aloe Vera, Extra Virgin Olive Oil, Sage and Rosemary quickly absorb into the skin.
- Completely free of alcohol, triclosan, benzalkonium chloride (BAC), parabens, petroleum solvents, sulfates, artificial colors/dyes.
- No synthetic fragrances
- No petroleum-derived ingredients
- No GMOs
- No irradiation of end product or botanical ingredients
- Paraben-free
- Gluten-free
- Compact
- Airplane-friendly
- Roller-ball application
- Never tested on animals
- Absolutely no animal ingredients
- Packaging is BPA-free

## Key Benefits:

- Aromatic, tingling sensation both warms and cools to dissolve tension.
- Provides immediate and long-lasting relief from daily stressors.
- Combines aromatherapy with skin-tingling sensation to melt away stress and tension.
- Easy to use on the body's key stress points
- Reduces chemical use on skin
- Convenient
- Manufacturing standards ensure that ingredients are compatible with our bodies and with the natural world.
- Manufacturing processes ensure environmental sustainability.

## How to Use:

- Slowly wave the roller ball bottle under your nose, inhaling the cool, crisp, aromatic botanicals, Camphor and Menthol. Then roll the gel across your temples, neck and shoulders to help clear the mind of worries, anxiety and stress.
- Try it on other tension points also, like knees, wrists, elbows and feet. To get the sensation of a massage, use firmer pressure when applying.

## COMPLEMENTARY PRODUCTS

- Timeless Natural Hand Cleaner
- Spa Wrap
- Timeless Lip Balm

### Certifications:

Norwex Timeless Relaxation Rescue Gel has been certified by two reputable agencies, EcoGruppo and NaTrue.

**EcoGruppo**, an Italian certification body, ensures the product has been formulated with very pure raw materials, particularly from organic farming. EcoGruppo guarantees the absence of GMO and ionizing radiation, as well as pesticides and synthetic substances. EcoGruppo ensures that all ingredients and manufacturing processes reflect its organic certification requirements.

**NaTrue** is an international organization that ensures the product possesses the following attributes:

- Natural and organic ingredients
- Soft Manufacturing Processes
- Environmentally friendly practices
- No synthetic fragrances or colors
- No petroleum-derived products
- No GMOs
- No irradiation of end product or botanical ingredients
- Products must not be tested on animals

### Key Ingredients:

- Organic Aloe Vera—this natural botanical provides soothing action.
- Organic Extra Virgin Olive Oil—this natural botanical moisturizes and hydrates.
- Organic Rosemary—this natural botanical stimulates and invigorates the senses.
- Menthol—this natural botanical lends a cooling sensation.

- Camphor—this natural botanical stimulates as it brings a warming sensation to the skin.
- Harpagophytum Procumbens extract—Devil's Claw is an herb used to help soothe muscle discomfort.
- Arnica Montana extract—this natural botanical helps soothe, moisturize and protect the skin.

### Demo Tips:

- Pass Timeless Relaxation Rescue Gel around to party guests and have them smell the cooling scent.
- Have guests roll the gel on their temples to experience the refreshing, cooling sensation on the skin. Clean the roller ball with an EnviroCloth™ between uses.
- Demo the gel on the party Host. Have her come up to the front for a special "mini-getaway" and roll the gel across the back of her neck. Ask her to close her eyes and picture herself in an exotic dream location. You can tie this to any Norwex incentive trip too, by mentioning that the thought could become a reality, but for now, the Rescue Gel will take her there in her imagination as it melts away stress.

- Have guests notice the long-lasting effects of the gel. After about 10 minutes have passed since they applied the gel, ask for a show of hands of those who can still feel the tingling sensation.

### Did You Know:

- Scents can help eliminate stress. Scents that are energizing and invigorating can be a source of relief for those who tend to zone out or freeze up when stressed. If you tend to become overly agitated under stress, look for scents that are comforting and calming.
- The sense of touch can also play a role in stress relief. The sensation of the Rescue Gel's roller ball moving across the skin, as well as the warming ingredients, both help to soothe away stress.
- When applied as a topical ointment, Menthol stimulates hot and cold receptors on the skin without making the body cold.
